2020 holiday learning classes – information for parents

Dear Parents,

We are very pleased to have your children back at school. Coronavirus has had a major impact on our everyday lives. It has also not been easy for many children and young people to learn during this time, despite the best endeavours of the teachers and you as parents.

That is why there is now an extra offer available in Hamburg:

2020 holiday learning classes in Hamburg

The 2020 holiday learning classes will be held for two weeks with three lessons per day in which your child can get together with other children to investigate topics, solve puzzles, read, write, work with numbers and explore a wealth of new topics. The holiday learning classes are an opportunity for children to catch up on things they have missed and to get ready for the start of the new school year. Qualified external educators will support the children in the holiday learning classes and supervise the offering.

Other important information:

- The holiday learning classes will be held for two weeks in the period between 13 and 31 July 2020 at selected schools in Hamburg. Your school will inform you exactly when and where.
- Participation is for children and young people from pre-school through to Year 9 who have been recommended by their teachers. Teachers will primarily recommend children and young people who can use this offer as a very special opportunity and receive support with their learning process.
- The offer is also aimed at children and young people who attend basic classes (BK) or international preparatory classes (IVK) and at children and young people who attend the Regional Education and Advice Centres (ReBBZ).
- Registration is voluntary! Children who have registered to take part are obliged to attend for two weeks to allow set groups to learn together.
Each group will have a maximum of 10 pupils.
- As a rule, the holiday learning classes will be held at your child's school. If there are not enough children from a particular school, the classes may be held at a nearby school instead.
- If your child is registered for holiday childcare at the school during the same period, he or she can simply change from the holiday childcare to the holiday learning classes.
- The holiday learning classes are free of charge.
- During the holiday learning classes, the same coronavirus safety measures apply as during term time.
